PI Web to PIVision Converter

Introduction

EMI PI Web Parts to PIVision converter gives you the ability to convert the **SharePoint PI Web Parts** and **Processbook Displays** to **PIVision displays.** All the PI Web parts available on SharePoint are converted into their equivalent symbols in PIVision such as PI Gauge, PI Trend, PI Values, PI XY-Plot and PI Graphic. The conversion of the PI Graphic web part is based on converting each symbol in the corresponding ProcessBook display into an equivalent symbol in PIVision.

Main Features

- Converting PI Web Parts to PIVision:
    - PI Gauges
    - PI Trends
    - PI Values
    - PI XY-Plots
    - PI Graphics
- Display the SharePoint pages, available on a chosen site.
- Converting ProcessBook Display to PIVision Display.
- Support .pdi and .svg Processbook displays.
- Display the PIVision URL of each converted page in a table after the conversion is completed.
- Display the conversion history for the user: PI Web Parts to PIVision history table and Processbook to PIVision history table.
